

*Based on the birth data provided by you, you are Mesha Lagna, Thula rashi, Chitra nakshatra born. The recent incarnation of your Soul entered the earth plane in July 1787 and your current birth is one of the Janma in this recent entry.*

*In the words of the Higher, I have been told about you that:*

*Here the soul is learning the lessons of self-consciousness on the most elemental levels. Experiences in prior incarnations did not permit the Self to form as a singular identity. Now the individual is paying the price for the indecisiveness of his former lives as well as learning how to rise out of his confusion by developing 'one-mindedness'. An excessively self-indulgent person in the past lives, this person was one who took from others to satisfy his own greed. The lessons the individual will learn will be through the mode of pay it all back by giving and being of service to others.*

*Highly susceptible to flattery, he goes far out of his way to do the things he believes will please others; but because he has not yet himself gone through ego identification, he becomes confused as to what course of action to take. Always trying to balance those around him, he finds himself to be the eternal referee between two or more opposing ideas, people, or conditions. Standing in the muddle, he assumes the role of the buffer trying desperately to bring harmony to both sides at the same time. From moment to moment and day to day, he seesaws from one side to the other, hoping that he will never be required to take a definite stand! In prior lives he judged his happiness by the successes or failures of those close to him. Now he continues to identify his life through others. His confidence can easily be shattered, for he hardly yet knows who he is. By confusing the collective needs of others with his own unrealized desires, he makes himself susceptible to long states of depression. Still, no matter how drained he feels, he continues this past-life pattern of seeking out people with whom he can identify.*

*At times he develops resentment at his inability to pull the opposite parts within himself together. Yet he is so used to entertaining solutions to contrary ideas that he keeps creating more. He is attracted to music and the arts, feeling comfortable in an environment that is gracefully delicate. When circumstances around him become coarse of brittle he loses control. He doesn't like to live alone but desires to be left alone. For his own peace and tranquillity, he must learn to overcome his enormous sensitivity to all the disharmonious needs of those around him. He does this best by dropping the attitude that he must fight for his very survival and refocusing his attention on what positive thoughts help him to develop his own identity. In past incarnations there was great sacrifice to others which was not fully appreciated. Now the soul reincarnates with traces of resentment at not reaping the rewards of its efforts.*

*Thus, this individual will achieve his greatest potential after he learns to serve willingly, without desiring any rewards beyond his own self-growth. He was impressionable in other lifetimes. Now he spends at least the first half of this life coping with the leftover residue of his own gullibility. As the years pass, he becomes an avid reader, which helps him to crystallize his thoughts. Still, there are so many past-life habits of indecisiveness that he finds it extremely difficult to make concrete decisions.*

*Always liking to see both sides of everything, he divides himself in half at every crossroad. Ultimately he learns not to be afraid of taking a stand for what his higher Self senses is Truth. He reaches this by teaching himself to be an individual, rather than an extension of somebody else. Still, he must build on his prior incarnations which taught him how to love rather than hate. Thus, as he starts to find himself,*

*he must still be mindful of how his newly-discovered assertiveness influences those close to him. For short periods of time, he will have to isolate himself in order to gather his strength. His biggest lessons center around learning how to make his head rule his heart, for he still melts too easily at the slightest attention.*

*Of all the zodiac, this individual has the least amount of past-life experience in examining himself. Now he must find out who he really is!*

*In the current life he is destined to make the transition from the reaper to the sower, whereupon every thought becomes a creative seed for his new beginning. Matters of marriage, partnerships, and the others who came to his life in this birth will be a major source of concern.*

*In short, previous incarnation for this person was very easy-going and in considerable luxurious surroundings. Good things in life were the main pursuits for this soul. Learning on a mental level was very important for him. In this lifetime, he has to work with actions and aggression. Things are not always balanced for him now. As a result of this, he has to utilize all the means he can within his energies to carry through his wishes. Impatience and lack of tolerance can cause frustrations for him in this life. His job is tough as he has to keep his feet on the ground and at the same time watch for what goes on well above him. Failure to keep both ends tied up may cause loss of many successful opportunities in this lifetime.*

The Higher further told me that:

*Due to the past life Karmic balances, in this birth you may have to experience upswings and downswings in matters related to marriage, separations, partnership issues, legal matters, competitions and contracts, alliances, deep enmity, huge decisions and foreign residency. The soul needs rest. Let go off the relationships that tires you. Mother and motherly figures, if creating troubles, may be allowed to go. Accept losing mother, wife, family or a female partner to find better peace for the soul. The Soul in this birth is already aware of the past birth issues but it is buried in the subconscious and so in this birth it will manifest as instinct and psychic abilities to understand the other party well. But by being sceptical of your own instinct you will have more trouble from the other party.*

*Karmas will also manifest through glandular disorders, salt imbalances, alkaline-acid imbalance. So, keep a tab of hormonal, sugar and brain chemistry imbalances. Adrenal glands should not be overworked.*

*Development in this life will require you to focus on initiative, assertiveness, independence, leadership, individuality, self-reliance, self-sufficiency, self-direction, courage.*

*Do not invoke the past birth ill-Karmas in this birth by being abusive of one's power, controlling, manipulative, fanatic, ruthless, unforgiving. Overcome your fears of fear of intimacy, insecurity about sexuality, lack of trust.*
